Our program will help you develop your character, attitude, responsibility and entrepreneurship skills over the course of 4 nights and 5 days. In the 5 days, you will learn to be a leader and a team player with the right discipline to help build up your business attitudes. You will learn to communicate with respect within the local culture and social environment.

Throughout our interesting program, you will cultivate your personal, social and financial responsibility. This will enhance your preparation to be an entrepreneur. Understand the different types of business models, appreciate the value of money and bring out your creative side to realise success as a budding entrepreneur.
